Course: DATA MANAGEMENT AND AI APPLICATIONS FOR LAW PROFESSIONALS			Semester: II
Course : LLMF112	L T P	2 0 4	Credits: 4

OBJECTIVE	The objective of the course is to give basic idea and knowledge of Data Management and AI applications for Law Professionals		
LEARNING OUTCOME	On successful completion of this course, the students shall be able to: <ol style="list-style-type: none"> 1. Describe the organization and operation of Data with the help of Artificial Intelligence based software. 2. Explain the representation, storage and distribution of data with the usage of AI, 3. Use and explain standard data management processes, 4. Use standard database system. 		
COURSE DETAILS	Module No.	Topic	Hours
	1	Overview of Data Management and Practices: Data, Types of data, Data Hierarchy, Metadata, database, DDL (Data Definition Language), E-R model, DML (Data Manipulation Language), Data dictionary, Information and Components of Information systems, Data management plans and processes, Data sharing and reuse: Practice and policies, Data archives, Database Management: Purpose of database systems, Meaning of Database Management, Database Management Software(DBMS), Types and Characteristics of DBMS, Applications of DBMS, Users in Database Environment	12
	2	Data usage in Law and related software for Law Professionals: Legal Datasets & Databases, Data practices in the scientific domains, Data practices in the social scientific and humanities domains, Data citation, credit, and discovery, Data Management by research teams, libraries, and archives, Legal research software: Manupatra, Westlaw, Casetext, Lexis Nexis, Law Insider Contract and Clause Search, Bloomberg Law, HeinOnline, LLMC-Digital, Open Access Content- HathiTrust, Internet Archive, and Google Books, Supreme Court Record	12
	3	Data Management in Court, Law Firm and Legal Industry: e-committee of the Supreme Court, DMS and e-courts, Data management in courts and stakeholders, Data management in Law Firm and Legal Industry, Importance of data management for lawyers, Basic idea of Data Regulation and Practices in India	12

	4	Artificial Intelligence, and Legal System: Meaning of artificial intelligence, Advantages of AI, need for AI for modern applications, Foundations of AI based Systems, Machine learning and neural network; Transportation and other sectors; the legal significance of the artificially intelligent software and hardware, AI: Issues, Concerns and Ethical Considerations; The Future with AI, and AI in Action; Hybrid AI Systems.	12
	5	Application of Artificial intelligence for Legal Professional and Data Management: AI Concepts, Terminology, Application Areas and the concept of law; AI based research tools, AI lawyers. Contemporary Issues in AI and Law; Predications; AI-assisted lawtech; Robots and Legal Reasoning, AI Applications in Law Industry: Contract Review; Lawgeex - Conquer Your Contracts; Litigation Prediction; AI Contracting Intelligence Services; Contract Analytics; Intelligent Diagramming & Research, Data Classification, Data Compilation, Data Analysis and Data Analytics, AI Issues of Privacy and Confidentiality.	12
		TOTAL HOURS	60
TEXT BOOK	<ol style="list-style-type: none"> 1. Richard T. Watson, Data Management, Prospect Press. 2. Woodrow Barfield & Ugo Pagallo, Advanced Introduction to Law and Artificial Intelligence, Edward Elgar Publishing. 		

Course: SEMINAR ON EMERGING ISSUES IN INTERNATIONAL LAW			Semester: II
Course : LLMIN113P	L T P	1 0 4	Credits: 3

OBJECTIVE	To provide understanding of the basic concepts of contemporary international law issues and create awareness among the students on the international law issues.		
LEARNING OUTCOME	On successful completion of this course, the students shall be able to: <ol style="list-style-type: none"> 1. Analyze the contemporary issues in International Law 2. Interact with experts from the specific field of International Law 3. Learn about the latest information and new skills related to the concerned subject. 		
COURSE DETAILS	Module No.	Topic	Hours
	1	Introduction: Set out the "Crux" of the Paper. Introduce and note why the topic is important. Briefly summarize necessary background information.	9
	2	Background: Orient the Audience. Describe the genesis of the subject.	9
	3	Analysis: Explain the Thesis. Large-Scale Organization.	9
	4	Conclusion: Restate the thesis of the paper	9
	5	Attending a seminar has numerous benefits, including improving communication skills, gaining expert knowledge, networking with others and renewing motivation and confidence.	9
		TOTAL HOURS	45

Course: ACADEMIC INTERNSHIP			Semester: II
Course : LLMF114P	L T P	0 0 6	Credits: 3

OBJECTIVE	to enhance interpersonal skills in a professional environment and develop work habits and attitudes necessary for job success.
LEARNING OUTCOME	On successful completion of this course, the students shall be able to: <ol style="list-style-type: none"> 1. have practical knowledge of how things are done and practices in the real organization. 2. have exposure of job training 3. develop the skills of talking and effectively communicating to people in the legal field.
Course Details	Topic
	Internship Program Goals, Application Process, Job Description, Orientation Process, Performance Appraisal and Interview.
	Internships provide students with an opportunity to put into practice skills they have learned while in school. In addition, students should have an opportunity to enhance those skills, obtain the perspective of a work environment and benefit from a mentor or supervisor's experience and advice.

Course: INTERNATIONAL ORGANIZATIONS			Semester: II
Course : LLM IN115E1	L T P	4 0 0	Credits: 4

OBJECTIVE	To impart knowledge about international institutions established to address international concerns, and examine the role of international organizations in the global arena.		
LEARNING OUTCOME	On successful completion of this course, the students will be able to: <ol style="list-style-type: none"> 1. Have thorough knowledge about the functioning, compositions, powers and roles of various international organizations. 2. Understand roles played by the specialized agencies under the United Nations, in furtherance of their goals and objectives. 3. Delve into the roles played by various Economic Organizations in world economic reconstruction.
